

Wajer 77

The Wajer 77 combines a super yacht level finish with the signature Wajer innovations for maximum comfort, like deck cooling, a hybrid fender system, an automatic roof and an electrically adjustable deck lay-out. Thanks to the use of innovative insulation materials, this yacht is the most silent in its class. Inside, comfort is kept at top level as well with four cabins with ensuite bathrooms and a standing height of 2,15-2,35 meters (7-7'9"). The Wajer 77 sleeps 9 and boasts a 400 nautical mile range, making it perfect for longer trips.

Much like the other Wajer models, the 77 is all about outdoor living. With spacious circular seating, sun pads to the front, and large sofas and a dining area at the back, the yacht provides ample space to fully enjoy boat life with a large group of family and friends. Water sports fans can also indulge on the Wajer; from sea bobs to electrical jet surfboards, a Williams 325 Jet Tender and optional diving equipment, kiteboarding gear or even a jet ski, all of the toys are on board.
