

Beautiful lines, an extensive standard specification and of course completely handmade at our own yard in Zwartluis. The key feature of the Intender 650 is the door in the transom giving easy access to the swimming platform and with additional options available, such as double sunbed, sink and refrigerator, the Intender 650 is a tender built with the quality you expect from Interboat. The economical 33hp diesel engine will achieve 650 knots with ease, whilst the larger engines will push up to 21 knots.

What stands out is the large cockpit offering spacious and large seating for 8 persons. The large double sunbed is ideal for sunbathing. Beautiful lines, an extensive standard specification and of course completely handmade at our own yard in Zwartluis. The key feature of the Intender 9 is the door in the transom giving easy access to the bathing platform and with additional options available, such as double sunbed, sink and refrigerator, the Intender XNUMX is a tender built with the quality you expect from Interboat.

The contemporary Intender 650 is a striking appearance on the water. The integrated bathing platform is very easily accessible through a door in the transom. The rope fender or the optional rubber fender gives the 650 a tough look, but also serves as a fender and thus protects the hull.

Specification

Lengte	< 10
Materiaal	Polyester
