

With dimensions of 12.76 x 4.36 m., the largest possible space achievable on a ship of this length has been created. The 1280 is luxuriously finished and is very spacious for comfortable living and cruising at both saloon- and lower deck.

At the saloon deck level you will find wide side decks, a centrally positioned bench with a large table in the cockpit and access to the huge storage area below the cockpit floor. The saloon entrance exists out of 4 hinged elements which can fully opened. As a result, cockpit and saloon form one open living space. The saloon area consist of an extensive pantry in a corner arrangement with the indoor / outdoor feel to it, a comfortable helm seat at starboard and a two-person navigation seat at port. The navigation seat can be converted to a saloon coach extension when the ship is moored. The owners cabin is located at the lower deck in the front of the ship. There is a guest cabin with two single beds at port side and a separate shower and toilet area at starboard.

Specification

Lengte	12-15
Materiaal	Aluminium
